

# New York School Moves Around Ban on Prayers

LIFE'S LIKE THAT

By FRED NEHER

Jimmy says he'd go to the moon for me... I don't think his 1942 car would make it!

By CHARLES E. CHAPEL  
Assemblyman, 46th District

The School Board of the Lindenhurst, N. Y., School District, has approved the following prayer for recitation in the public schools of that particular school district.

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are life, liberty and the pursuit of happiness: In this cause, we beg the blessings of Divine Providence upon us and upon our country."

This prayer replaces the New York State Regents' prayer, outlawed by a recent decision of the U. S. Supreme Court, which read as follows: "Almighty God, we acknowledge our dependence upon Thee, and we beg Thy blessings upon us, our parents, our teachers and our country."

It will be interesting to learn if the U. S. Supreme Court eventually rules that the new prayer is in violation of

the Constitution of the United States.

ANYONE can obtain a free copy of "Handbook of California Benefits for Veterans" by writing to Information Office, California State Department of Veterans Affairs, P. O. Box 1559, Sacramento 7, Calif., but the supply is limited and when exhausted, no more will be printed until about July 1, 1963.

If your son or daughter is preparing to enter college and may need financial help in the form of a scholarship or a loan, write to Superintendent of Documents, Government Printing Office, Washington 25, D. C. for a publication titled "Financial Aid for College Students: Undergraduate," price 50 cents.

If your son or daughter is about to graduate from a four-year college or a university and may need financial help for post-graduate study, send \$1 to the Government Printing Office, at the address above, for a pamphlet titled

"Financial Aid for College Students: Graduate." Please note that the titles are similar but the prices are different. Unless you are very precise in ordering publications from the Government Printing Office in Washington, D. C. you may get the wrong pamphlet.

ANOTHER good publication is a booklet on educational opportunities for high school graduates, published by the Scholarship Information Service, American Legion, P. O. Box 1055, Indianapolis 6, Ind., for 15 cents. Anything published by the American Legion is well written and based on sound American principles.

Scholarships are awarded to a limited extent by the Retired Officers Assn., 1616 Eye St., N. W., Washington 6, D. C., to help worthy sons and daughters of all military and naval personnel (including Marine Corps and Coast Guard), commissioned or enlisted, active, reserve, National Guard, or retired.

If your son or daughter wants to become an M.D., a dentist, a nurse, or enter one of the other health professions, (such as laboratory technician, dietitian, etc.) write to National Foundation of Health Scholarships, 800 Second Ave., New York, N. Y.

UNLIKE the Congress of the United States, the State of California does not authorize the publication of a vast number of pamphlets on a great variety of subjects. Also, the number of copies of each publication printed by the state is limited and when the supply is exhausted it is very unusual for the state to authorize a second printing.

This is one of the very few economy measures practiced by any large government. It annoys a few people who want to obtain state publications issued more than a year ago, but most tax payers should rejoice that the California State Legislature exercises economy in at least one phase of spending. Write to documents Section,

Printing Division, State of California, North Seventh Street and Richards Boulevard, Sacramento 14, for a list of current publications. Some are free but there is a small charge for many pamphlets. Please do not be disappointed if what you want is out of print.

EXAMPLES of publications which apparently are out of print and unavailable except on loan from the State Library

are "Report of the Joint Interim Committee on the Public Education System," published in 1961 in an edition of 5000 copies; and the various report of the "Senate Fact-Finding Committee on Un-American Activities."

For example, the Eighth Report, published in 1955, was issued in an edition of 12,000 copies, all of which have been distributed. Ask your local librarian to obtain a copy of any state publication now out of print from the State Librarian.

A NEW CAREER... Mrs. Margaret Brown, 28-year-old mother of two daughters, sets out on her mail route here following her appointment as a letter carrier by Postmaster Clara A. Conner. Mrs. Brown, who worked in private industry here before taking the job as a letter carrier, is believed to be one of the first women in California to win such an assignment. "We expect to have more," Mrs. Conner said. (Herald Photo)
